WINTER WARMER LUNCHEON

Members of the St. Andrew's Uniting Church are preparing for their annual "Welcome to Winter Luncheon". The doors will open at St. Andrews Hall, 9 Kirkland Avenue Euroa, on Friday June 17 at 12 noon to welcome one and all for a hearty home cooked winter meal.

"This is something we do each year" said Robyn Burke, who is a member of the organising committee. "A meal of home-made soup and steamed pudding is an excellent way to welcome winter. Everyone is made very welcome, the hall is warm, the food is great and it's always a lovely community occasion" she said.

This year proceeds from the lunch are being donated to the Euroa Health Building Appeal for the construction of the new aged care facility. Entry to the luncheon is \$10 on the day. To further assist the Building Fund, patrons will be able to purchase raffle tickets – books of 3 for \$5 – with lucky winners able to choose from a range of prizes.
