MEDIA RELEASE

20 June 2016

END OF FINANCIAL YEAR DONATIONS ENCOURAGED

Euroa Health is reminding people that donations to the Building Fund Appeal are tax deductible. Euroa Health is currently constructing “GraniteHill” Aged Care Facility on Kennedy Street thanks to a significant funding commitment from the Commonwealth. A public appeal for \$500,000 is underway to help meet the shortfall in funding.

“Our public fundraising appeal runs over three financial years, to December 2017” said co-chair of the Appeal Committee, Jim Shovelton. “For anyone considering a donation to the Appeal, the committee respectfully reminds everyone that a donation received by close of business Thursday June 30 will be recognised in the 2015/16 financial year” he said.

Donations can be made by cheque, bank transfer, or over the phone to Euroa Health Building Fund. More information can be found on Euroa Health’s website www.euroahealth.com.au or by phoning Euroa Health on 5795 0200.

Many community organisations have run events this year to benefit the Appeal. On Sunday July 3 the Oxalis Wind Quintet is performing at the Old Flour Mill from 2pm – 4pm.

Member of the Quintet, Steve Sargent, is known to many in Euroa for his fun approach to music and performance. “I’m always happy to play in Euroa as there is great community support and appreciation of live music in the town” said Steve. “When the chance for the Quintet to once again play at the Old Flour Mill came up, I was keen” he said. Tickets are \$20 (half price for students) and available from DPR Insurance, 56 Binney Street.

Oxalis Wind Quintet is playing at the Old Flour Mill on Sunday July 3, 2pm – 4pm.
