THOMSON FAMILY DIGS DEEP

The Thomsons have continued their tradition of working hard for family and community with a donation to the Euroa Health Building Appeal.

“We wanted to put back into the community that we all live in” said Christine Thomson.

Tony and Christine, Chris and Tracey and Xavier and Sue, made generous donations in July to help ensure that GraniteHill Aged Care Facility is completed in a manner that will serve the people of Euroa district for many years to come.

The construction of GraniteHill on Kennedy Street is well advanced, and the current Public Appeal will raise much needed funds to complete the building and landscaping. It is expected that residents will move into the facility in the first quarter of 2017.

“It’s a great project and I hope people get involved” said Tony.

“The Thomson family has been involved in the retail sector, in sports clubs and in community life generally in Euroa for a couple of generations” said Chair of the Building Appeal Committee, Jim Shovelton. The Committee appreciates their support, and I thank them very much” he said.

The last word came from Chris Thomson, who said “If you can afford it, please make a donation to make this facility the best it can be.”

The Thomson families, second generation Euroa retailers, have donated to the Euroa Health Building Appeal. Here, Chris, Christine and Tony Thomson are photographed in Christine and Tony’s Choices Flooring store in Binney Street.
